CHARGING

Pet Blood Bank UK is a registered charity

We are often asked if practices should make a profit from the blood components we supply?

Blood is donated free of charge from the general public's dogs.

The charge for blood components is the cost of running the service and not for the blood.

Therefore we ask no profit is made by placing a mark up on blood components, please refer to T&Cs on Pet Blood Bank Website

Fees for P & P and clinical expertise in administering blood is at the practices discretion.
